Personal Protective Equipment (PPE) Preservation Strategies and Resource Request Process Guide Action Plan for Current or Anticipated COVID-19 PPE Shortages

This is a concise guide for organizations to plan and to implement PPE preservation strategies, including information on ways to obtain new PPE supplies, either from commercial vendors or through state, local, tribal, and territorial (SLTT) jurisdictions or through federal channels. Facilities should work through each step until a step leads to a resolution.

Fact Sheet: Personal Protective Equipment (PPE) Preservation Planning Toolkit

This toolkit is designed to aid any PPE-using organization to plan and implement preservation strategies. It provides estimates of the value of implementing preservation actions to reduce (use of), to reuse, or to repurpose PPE. The fact sheet contains the links to two additional resources that are part of the toolkit: the guide and the tool.
